BCAA 5000 is a food supplement BCAA formula with Vitamin B6 in tablet form. Muscles are built of protein and protein is built of Amino Acids. BCAA 5000 brings you three essential Amino Acids (Leucine, Isoleucine and Valine in classic ratio of 2:1:1) to support your diet in convenient, tablet format. These Amino Acids are from the group of essential Amino Acids (accounting for approximately 35% of total essential Amino Acids), so-called as the body cannot synthesize these. The only source of these comes from food or supplements. We have also added 125% of your daily requirement of Vitamin B6 to strengthen the benefits of our BCAA. Among many others, B6 Vitamin contributes to normal protein, glycogen and energy-yielding metabolism*.

** These health claims are approved by the European Food Safety Authority (EFSA) and the European Commission (EC).*

Consumption and Storage Recommendations: Consume one or two servings daily. Use it 30–40 minutes before training and shortly after training, or before going to bed. On your rest days you can consume this product between meals.

Best before end (month/year) see on packaging. Do not expose this product to direct sunlight or heat for an extended period. Keep this product closed at a temperature of between 6 and 26 °C. Relative humidity should be below 65%.

Warnings: Keep out of reach of children. This product is not a food substitute or replacement. Use this product to supplement a balanced diet. Use no more than the recommended dosage.

Allergen info: Manufactured in a facility that processes milk, egg, gluten, soy, peanuts, nuts, fish and crustacean ingredients.
